For Secy to Govt

With reference to the representation of Sm. Padmasundaram for extending the period of her deputation till July 1949, I must state that she failed in D.C.H. Examination although she was afforded all the required facilities by Government. She has been subsequently permitted to visit the several centres of Gynaecological and Pediatric interest in U.S.A. for a period of four months to acquire more practical knowledge. I am not in favour of extending the period of her deputation. She may, however, be permitted to extend her period of her stay abroad at her own cost.

Letter No.M.492/47/48 dated 23rd December 1948 from the First Secretary Embassy of India in the U.S.A., Education Department, Washington,D.C., to the Comptroller to the Government of Mysore, Bangalore.

Subject: Mrs. Padmasundaram - Mysore Sponsored Deputationist (1947/48).

I am directed to forward a copy of letter from Doctor Padmasundaram asking for permission to extend her stay in the United Kingdom on her way back, and on the completion of her deputation.

She arrived here on the 14th October, 1948, to spend, according to letters from England (Mr. Sundarams's letter of 16th July, 1948), and Mysore (letter dated 1st November, 1948, No.817-Books) a period of four months in this country. Calculated from the date of her arrival, her stay in this country should extend until the 14th February, 1949. Her calculation is based, however, on her statement that her deputation from India was for a period of eighteen months. This, however, cannot be verified from papers in this office. I should, therefore, be glad to know immediately whether arrangements should be made for her passage around the 24th January, 1949, or 14th February, 1949.

Regarding her request for permission to stay on in England to take interesting and useful courses in relevant fields, and also appear for an examination that would help her in her teaching work in India, I shall wait your instructions. This Office sees no objection to supporting her request for the extension for a period of six months if it is not inconveniencing her institution in Mysore.

Kindly cable instructions in good time to enable her to make her plans for her continued stay in Britain, and to enable us to book her passage at the right time.

=========

D.O. letter dated 3rd December 1948 from Dr. Padmasundaram, to First Secretary, Embassy of India in the U.S.A. Education Dept. Washington D.C.

I present the following for your favourable consideration. My period of deputation expires on the 24th January, 1949.

During my stay in the U.K., I appeared for the O.C.H.Exam of London University in the month of September 1948 and failed to secure a pass. I am anxious to try for the same once more in March 1949. This will

enable me to be more useful for teaching of University students.

This summer there is an interesting and useful course of Gynecology Obsterrics and Pediatrics. In the month of June 1949 there is the International Pediatrics Conference in Sweden. Attending these even if I have to meet the cost of the tuition etc., will of great value.

Hence may I request you to recommend my deputation period to be extended by another six months (till July 1949) thereby covering a period of full two years.
